The graphic features a dark blue background with a large, stylized orange question mark containing the word 'WOES?' in white. Below this, a circular inset shows a blurred image of call center agents on the left and a warehouse with high shelves of cardboard boxes on the right. At the bottom, a semi-transparent image of a green semi-truck is shown driving on a road. The text 'DON'T LOSE SALES SOS PIX TODAY!' is prominently displayed in white and orange. In the bottom right corner, there is a circular icon with a headset and the text 'Talk to PIX'.

New Video

### How to measure belt tension using PIX-Analog Tension Tester

In continuation to our efforts in demystifying Belt solutions for varied applications via video animation, we are pleased to now introduce an animated video on PIX-Analog Tension Tester

PIX belts are manufactured to stringent industry norms and are widely used in the replacement market to offer high reliability, long life and a compelling performance to price ratio.

We hope you would find the animated insightful while being easy to view. We kindly invite you to explore the same and share your feedback. If you would require any additional information, please write an email to us at [info@pixtrans.com](mailto:info@pixtrans.com)
