PIX Establishes New Logistics Hub in Nagpur, India.

PIX recently inaugurated another greenfield project to further fortify its position as the leading global player in the Power Transmission Belts industry. As part of their expansion drive, the PIX Logistics Hub (PLH) was officially inaugurated in the presence of their senior Management and distinguished leaders from the local community.

Located in close proximity to its manufacturing plants, the PIX Logistics Hub (PLH) is sprawled across 7 acres of land and provides 1.55 plus lakhs sq. ft storage space to house over 6 product lines. This ultra-modern warehousing facility is purposefully equipped to further strengthen their availability and order fulfilment capabilities in catering to the growing demand for their products across the world.

Speaking on the occasion, the PIX Chairman & Manager Director, Mr. Amarpal Sethi stated “we are delighted to launch and include the PLH facility among a host of expansion initiatives undertaken by the Company in keeping with our vision and a strong commitment to our customers”.

PIX is renowned for delivering a broad range of highly innovative, reliable, and price-competitive Power Transmissions solutions. For more information on their products, please write to info@pixtrans.com or visit the website www.pixtrans.com

New Update

Product Range Expansion

As part of our continual efforts to provide our customers with the largest selection of Belt solutions, we have developed augmented our manufacturing infrastructure and related processes to expand our product range for Moulded Raw Edge Cogged Belts up to 330" (8382 mm) in length now, while for Poly-V Belts we can now manufacture belts up to 470" (11938

mm) in length.

Further details on the range are illustrated in a tabular format as follows:

Type	Sections	Minimum length	Maximum length
Raw Edge Cogged Belts	XPC, 5VX, 8VX, CX, XPB, BX	21.5" (550 mm)	330" (8382 mm)
Poly Belts	PL, PM	21.5" (550 mm)	470" (11938 mm)

We hope the above product range expansion would be of interest. If we could be of any further assistance, please don't hesitate to contact us.

Thank you!

Automechanika Vietnam 2022

We would like to extend our appreciation for your visit to our stand during the recent Automechanika Vietnam 2022. We value your kind interest and look forward to being of further assistance.

We welcome your questions, suggestions and feedback. Please feel free to contact us at info@pixtrans.com.

Once again,

Thank you for connecting!
